

OUTDOOR FIREPLACE KIT

Finished Size

Add a touch of elegance to your back yard with this grand outdoor fireplace from Willow Creek™. Easy to assemble using Willow Creek LedgeStone™ as the exterior shell around a FireRock core, the Willow Creek outdoor fireplace requires no frost footings or costly tools to build. Simply stack and glue the LedgeStone and Willow Creek pavers around the core, using a masonry saw to make the few cuts required. Make your yard the envy of the neighborhood with a Willow Creek outdoor fireplace!

- **Easy to Follow Assembly Instructions**
- **Maintenance Free**
- **Minimal Cuts Required**
- **Frost Footings Optional**
