

# BRICKSTONE

Use **6cm Brickstone** pavers to create patios, walkways, court yards, raised deck patios, residential driveways and other projects requiring a beautiful, durable surface. Brickstone can also be used in contrasting colors to delineate spaces and employ insets, borders or other custom designs in the paver field. Use Brickstone colors to create interesting patterns, such as herringbone, or to incorporate a wide, contrasting accent of color or texture with other Willow Creek pavers.

Use **8cm Brickstone** pavers to create parking lots, roadways, bus stops and other projects requiring a beautiful, durable surface suitable for heavy vehicular use. Brickstone can also be used in contrasting colors to delineate spaces and define directional marking for parking, streets and more. Use Brickstone colors to create interesting patterns, such as herringbone, or to incorporate a wide, contrasting accent of color or texture with other Willow Creek pavers.

# BRICKSTONE

These pavers are available in two thicknesses, 6cm and 8 cm. Sometimes called “Holland” pavers, both Brickstone 6cm and 8cm can be used alone or as an accent with other Willow Creek pavers. Whatever the application – residential patio, traffic lane or grand promenade – Brickstone pavers outperform ordinary pavements in ruggedness and appearance.

***8cm Brickstone in a non-stock item. It is available on a special order basis only.***

Brickstone (6cm)  
4" x 8"

Brickstone (8cm)  
4" x 8"

**NOTE:** To avoid scuffing the surface of the pavers, it is recommended that compactors be fitted with protective pads. See Willow Creek Color Guide for current color availability. Colors shown might not match product colors exactly. Photographic and printing processes are not capable of reproducing all product colors. Due to manufacturing processes, color might also vary between production runs. Please visit your landscaping products supplier to view actual product samples.
