

EUROSTONE

Willow Creek's Eurostone™ pavers feature the texture of natural slate, conveying an elegance that is sure to impress. And at 7-cm thick, these pavers are as durable as they are beautiful. The Eurostone family comprises three shapes that work together to make installation a snap. With a simple, repeating pattern you can create patios, driveways and walkways that have a random, natural appearance.

Eurostone pavers are ideal for both standard and permeable applications.
